**Attention All Lions, Lioness & Leo's
Involved in the Collection of Eye Glasses in MD19**

WOW! 7 years come and gone. Pat yourselves on the back for a job well done!

Thousands of pairs of glasses that would ordinarily have been chucked away or laying idle in some drawer.

Adults with reasonably good eye sight now taking their place with other Members of their Communities.

Children going to school with other children of the Community. Please stop a few minutes and think of these kids completing their education and taking their place in society the same as any other educated person in the World.

Yes! All because you set aside a few hours every month to collect pack and ship a bunch of glasses to "CLERC".

Again, many thanks for sharing your time with Betty and I over the years.

July 1, 2010, I step aside and let P.D.G. Carol Simkin take over where I left off. Please give her the same support as you've give me over the years.

Please after every shipment you make to the:

Canadian Lions Eye Glass Recycling Centre or abbreviated "CLERC"

Via Williams Moving & Storage - the nearest center to you or St. George's in other areas.

Please be sure to give Carol the numbers.

Please see shipping invoice -

P.D.G. Carol Simkin

Surrey, B. C.

V3S 5K4

Please, I will be helping wherever I can in a small way in the Fraser Valley.

Oh, by the way we received another award for a job well done - presented by P.D.G Bernie Gribben, "CLERC", Alberta. Again, this would not have happened without your help.

Thank you,

P.Z.C. Ernie Fehler
